THE STANDARD INK MANUFACTURERS OF THE UNITED STATES

NOTICE TO THE TRADE

We take pleasure in presenting to you our revised Price List.

We are the oldest manufacturers of Writing Inks and Adhesives in the United States and our 86 years of experience, with the assistance of modern machinery and equipment installed in our new factory, enables us to offer a line of Inks, Paste, Mucilage, Sealing Wax and other specialties that we guarantee to be of the highest standard.

We call your attention to our new style two quart magnum, quart, pint, half pint, quarter pint and other size bottles, also some new labels, which give our line the handsomest appearance of any line on the market.

All goods heretofore put up in old style quart, pint and half pint bottles are now put up in our new full sizes.

All goods are shipped F. O. B. New York at the pur-chaser's risk. Discounts and terms will be furnished on application. Orders for your winter supplies should be sent to us in time to avoid the necessity of their being shipped during the freezing weather.

Thanking you for past favors and hoping to receive your orders in the future, we remain,

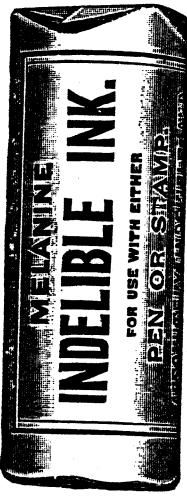

THADDEUS DAVIDS COMPANY

BLUE-BLACK

No. 570. Quarts, metal top corks, 1 dozen in a box, . . . per doz. \$27.00

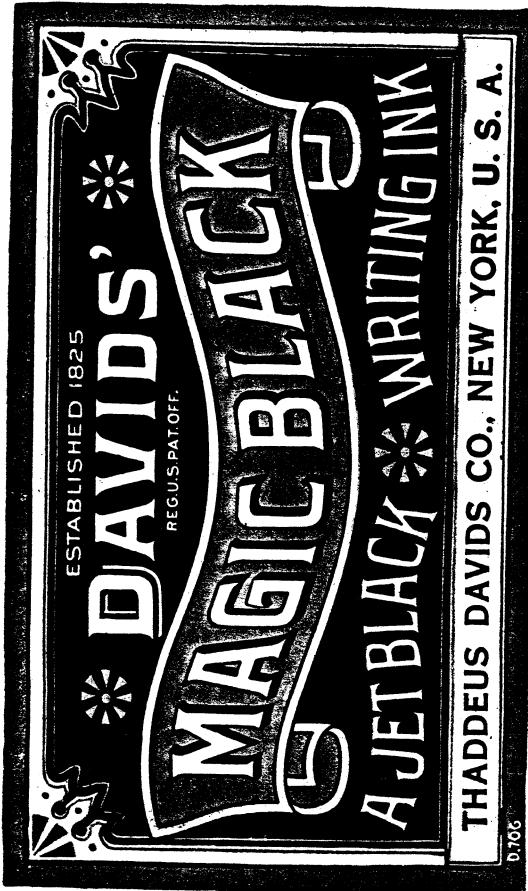

THIS INK IS UNEXCELLED FOR ledger and general office use. It is easy flowing, does not off-set, yields a perfect copy from fresh writing. Of a dark blue at first which changes to a deep black. A pure nut gall and iron preparation which is absolutely permanent.

THE MOST LIMPID, FREE FLOWING, non-clogging grade of ink made for use in all makes of Fountain or Stylo Pens. This ink is filtered by a special, secret process which insures the absence of all sediment. It is slightly perfumed and gives an agreeable odor. Made in the following colors:

| | | |
|------------|-------|--------|
| BLUE-BLACK | BLACK | RED |
| BLUE | GREEN | VIOLET |

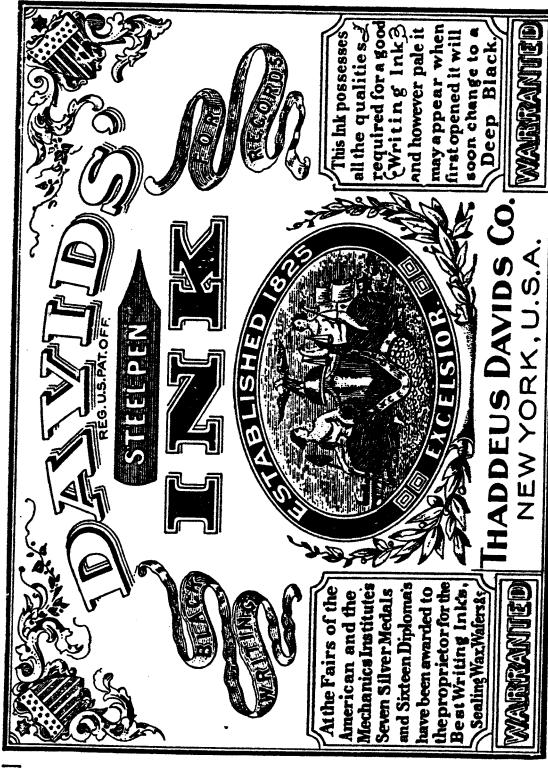

NOTE.—When ordering state color wanted. Unless otherwise instructed we will ship Blue-Black.

UNDENIABLY AND UNIVERSALLY conceded by experts to be one of the most permanent writing inks manufactured. Writings made therewith more than half a century since are as intensely black and as well preserved to-day as if written but yesterday.

Although the color may be somewhat pale *at first*, writings executed with this ink rapidly oxidize upon exposure to the atmosphere, and become intensely black.

Note.—This ink is used in large quantities by dyers of false human hair and is known as the best preparation for this purpose.

IN EVERY RESPECT THE STRONGEST and best Copying Ink known. Several good press copies may be taken with this ink months after writing, and more than twenty copies are secured from fresh writings. Since it is not prepared from logwood, but is a true blue-black fluid with a gallate of iron basis, it can be fully relied upon as being strictly permanent. Used by the leading Railroad and Express Companies of America.

A perfect ink for **Roller Copier Machine** work.

FOR DURABILITY AND FINE PRINTING QUALITIES
these pads are unsurpassed. Superior materials only are used in their manufacture, and none better can be made. No other pads are so well adapted to withstand climatic conditions; they are, therefore, specially suitable for export, as they will—
for years—retain their excellent properties unimpaired. Each pad is contained in decorated tin box denoting respective colors, to wit: **Violet, Carmine (or Dark Red), Scarlet (or Bright Red), Black, Blue and Green.** Can also be supplied uninked.

DAVIDS'

MARKING INK

REG. U. S. PAT. OFF.

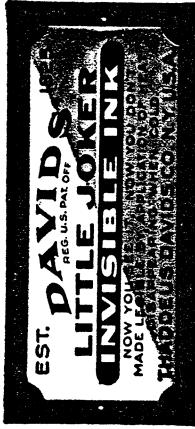

MANUFACTURED BY
THADDEUS DAVIDS CO., NEW YORK, U. S. A.
MANUFACTURING STATIONERS,
ESTABLISHED 1825

This Ink is better than turpentine, or oil and lamp-black for marking Boxes, Bales and Bundles, being cheaper, neater and in all respects more desirable, as it will not fade, smut or rub off.

DIRECTIONS.—Use a stencil for marking bundles and smooth boxes, for bales and rough packages, a brush is best.

BEING HEAVY IT SHOULD BE SHAKEN BEFORE USING.

NOTE: We are now putting out our Marking Ink in our new full size quart and pint bottles.

DAVIDS'
"LITTLE JOKER" INK.

INVISIBLE WHEN WRITTEN.
Color is developed by heat and fades away upon cooling.

Perfection White Paste Water Well

JARS POSSESS MANY ADVANTAGES OVER ALL OTHERS YET produced. An oval shaped receptacle, or pocket, holds the brush cup. The brush cup does not come in contact with the paste, and is easily removable at pleasure, for the purpose of cleaning and replenishing with fresh water. These features assure clean paste, clean brush, clean work and clean fingers at all times. These jars are in two sizes, 5 oz. and 8 oz., and filled with our General White Paste, list at \$4.25 and \$6.00 per dozen, respectively.

Insert the handle of the brush (from below) through the rubber Stopple or Brush Regulator. The shoulder on the handle prevents the brush from drawing through the stopple. As the paste in the jar is gradually used PUSH THE HANDLE DOWNWARD; in this manner the jar may be emptied without the necessity of removing the screw cap. The jar may be refilled, as required, from a larger package. **Keep** tightly stoppered when not in use, in order to prevent evaporation. These jars are in two sizes, No. 520, 4 oz., No. 521, 8 oz.
